

## ISSUE NO 7 JANUARY

# 2000

Hail to fellow Lions

### **A MILLENNIUM OF PEACE**

Every Lion in every country in the world ushered in the New Year and Century in their own special way. Ranjena, Aneeka, Anushka and I joined Lions, their partners and families at the Big Ben to see one of the finest exhibitions of fireworks display anywhere in the world. It was most impressive and enjoyable. However, we cannot say the same for the tube journey home! We have lived through an amazing century of developments and quite a contrast from the way we started the century in 1900. Many great people have shaped the world we now live in and amongst them was our founder Melvin Jones.

#### Two Heads

Our Lions membership pin displays two Lions heads, one looking in each direction: one to our proud past and the other to the bright future. It is natural that we now reflect on our proud past. It is easy for us to look back with pride at all the accomplishments we have made in District 105A. We have touched the lives of thousands through our endeavours. All our Clubs have many stories to tell of the value they bring to their local communities. We truly have a legacy worthy of reflection and praise. However, now it is of greater importance to focus on our even brighter future. Opportunities of service for our fellow human beings have never been more apparent. In an age where technology breakthroughs make yesterdays discovery tomorrows old news, we must seek out new ways to use that technology to create a world of peace and understanding.

#### Our greatest asset

Lions of District 105A have an opportunity to leave an even greater legacy to the world by promoting harmony and sharing through our youth. Apart from our Leo Clubs who contribute so much we have many other wonderful youth programmes.

It gave me great joy meeting our Youth Award finalists. Each and every one of the worthy candidates showed the value in teaching our youth the very importance of human understanding through community service. All Clubs should seriously look at this excellent Lions project which may soon be accepted as worthy of adoption by Lions throughout Europe and beyond. The pleasure of witnessing the creative talents of our children with the Peace Poster Competition was a humbling experience. Our Youth Outreach programme is so good that it should form part of the curriculum of every school in the land. Lion Wesley Mendonca our Youth Outreach Adviser is keen for your local schools to benefit so please contact him. Our Youth Exchange Programme is one of the best ways we can enhance the knowledge of our young of other values and traditions resulting in

hopefully more jaw jaw in the world. We are also always looking for hosts. Lion Kishore Pattni will provide details.

#### Our contributions

Most conflict in this world is as a direct consequence of misunderstanding and intolerance to the differences in our cultures. As Lions we must not forget that although each individual is the citizen of his community and his nation, a Lion is the citizen of the world. We at 105A have shown that the concept of "community" has wider dimension by donating over £11,000 for the Turkish Earthquake Appeal and £14,000 for the Orissa Cyclone Appeal". All Clubs are requested to assist settle our debt of honour for the Berlin Declaration. Please send your cheques to ID Lion Phil Nathan now. Our motto "We Serve" has no conditions: concern, love, humanitarian services cannot be limited.

towards new horizons

The hearts of our 105A Lions Clubs beat with a proud legacy. We must see that the next generation of Lions volunteers are nurtured in a manner that ensures the legacy will continue. We must do all we can to shape the lives of our children, teach them tolerance and understanding Our Lions projects provide the means. Yes a new

*beginning for peace to create and foster a spirit of understanding among the peoples of the world.*
